

milk4life

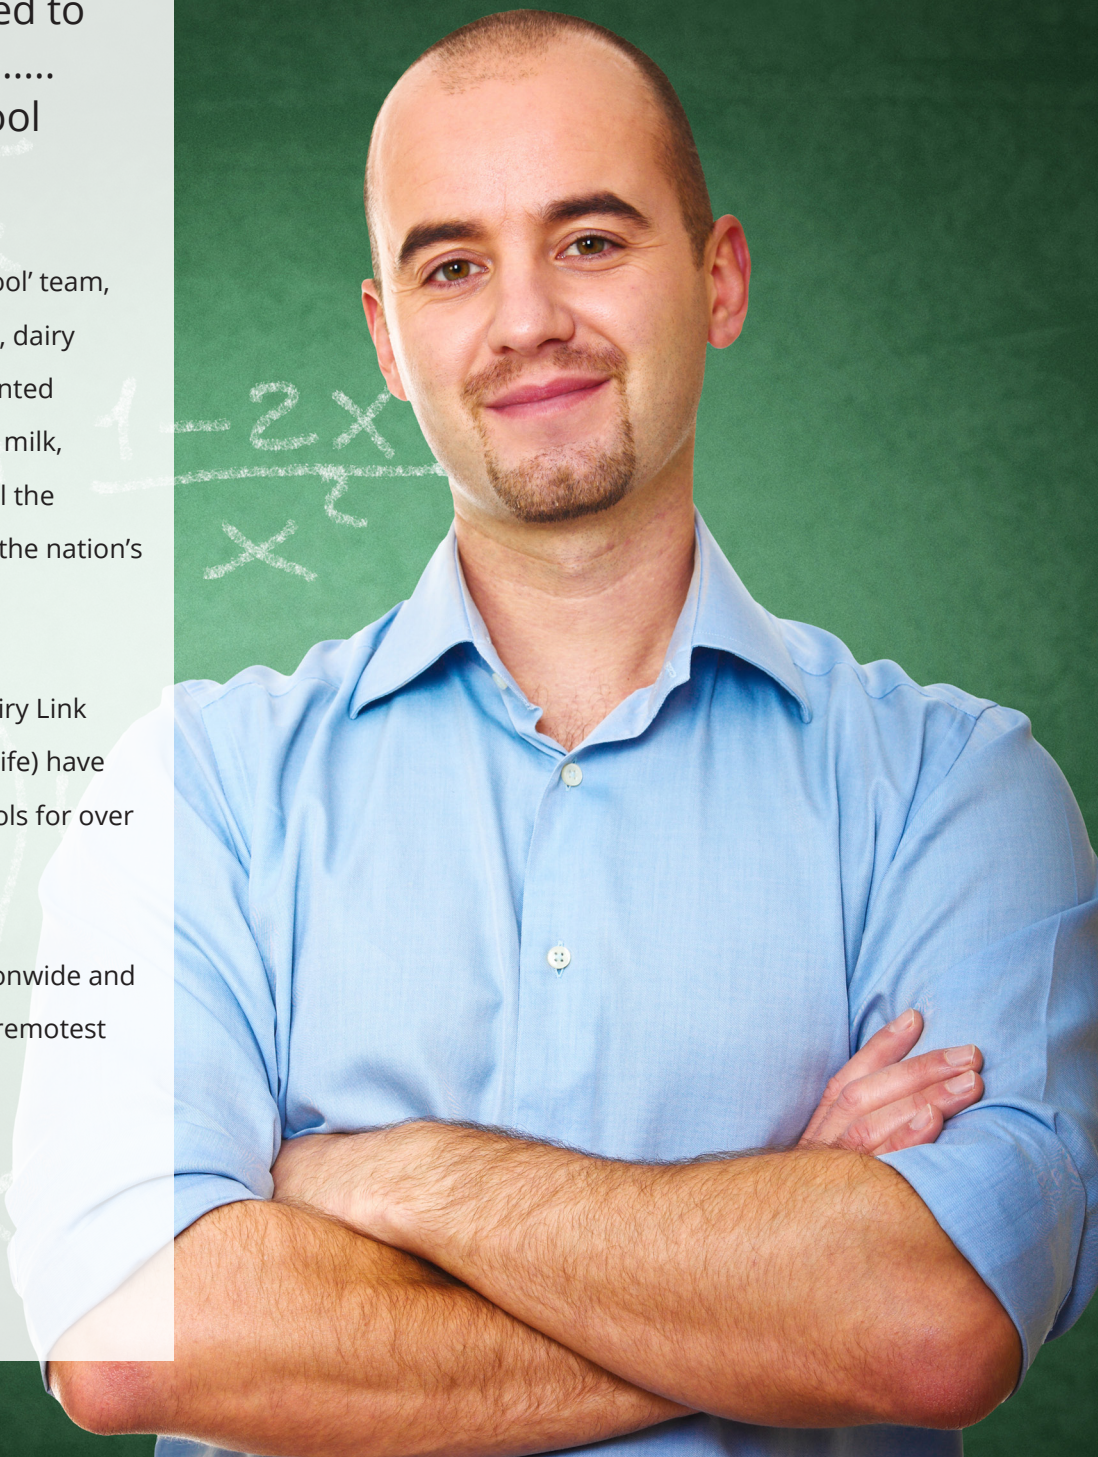

Milk4Life is dedicated to one single purpose.....  
Getting milk to school children!

With a dedicated 'Milk at School' team, a deep knowledge of logistics, dairy management and unprecedented expertise in delivering school milk, Milk4Life is here to provide all the support you need to nourish the nation's school children.

The team at Milk4Life and Dairy Link (associate company to Milk4Life) have been promoting milk to schools for over 25 years.

The Milk4Life network is nationwide and deliver milk to schools, from remotest hillside to the busiest city.

A photograph of three black and white cows in a lush green field under a clear blue sky. The cow in the center is looking directly at the camera with its mouth slightly open. To its left, another cow is partially visible, and to its right, a third cow is looking towards the camera. The background shows a line of trees and a bright sky.

Milk4Life brings a life time of experience to delivering milk with all its benefits, to your child.

We work with the parents, the PTA, the school and the authority to ensure that your child gets that nutritious, healthy boost just when they need it in their school day.

Milk4Life Ltd staff have a vast experience in this sector and also the logistical operation side for local distributors. We have an excellent sales order processing system that meets all the requirement of the Local Education Authorities, schools and other Government/Public sector services.

We work nationally in the UK with many smaller local businesses, covering customers such as schools, nurseries, universities and colleges whilst increasing business for smaller processing dairies as well as working with national suppliers.

For parents we make it  
simple and secure to order  
your child's milk on-line

- We offer an online ordering and payment service to enable your child to receive milk at school.
- Various payment options to suit your individual needs.
- We are available to discuss your individual termly requirements or any other issues that you may have.

Ordering your child's milk  
couldn't get any easier!

If you would like to order your child's milk simply scan the QR Code below using a smartphone or QR scanner.

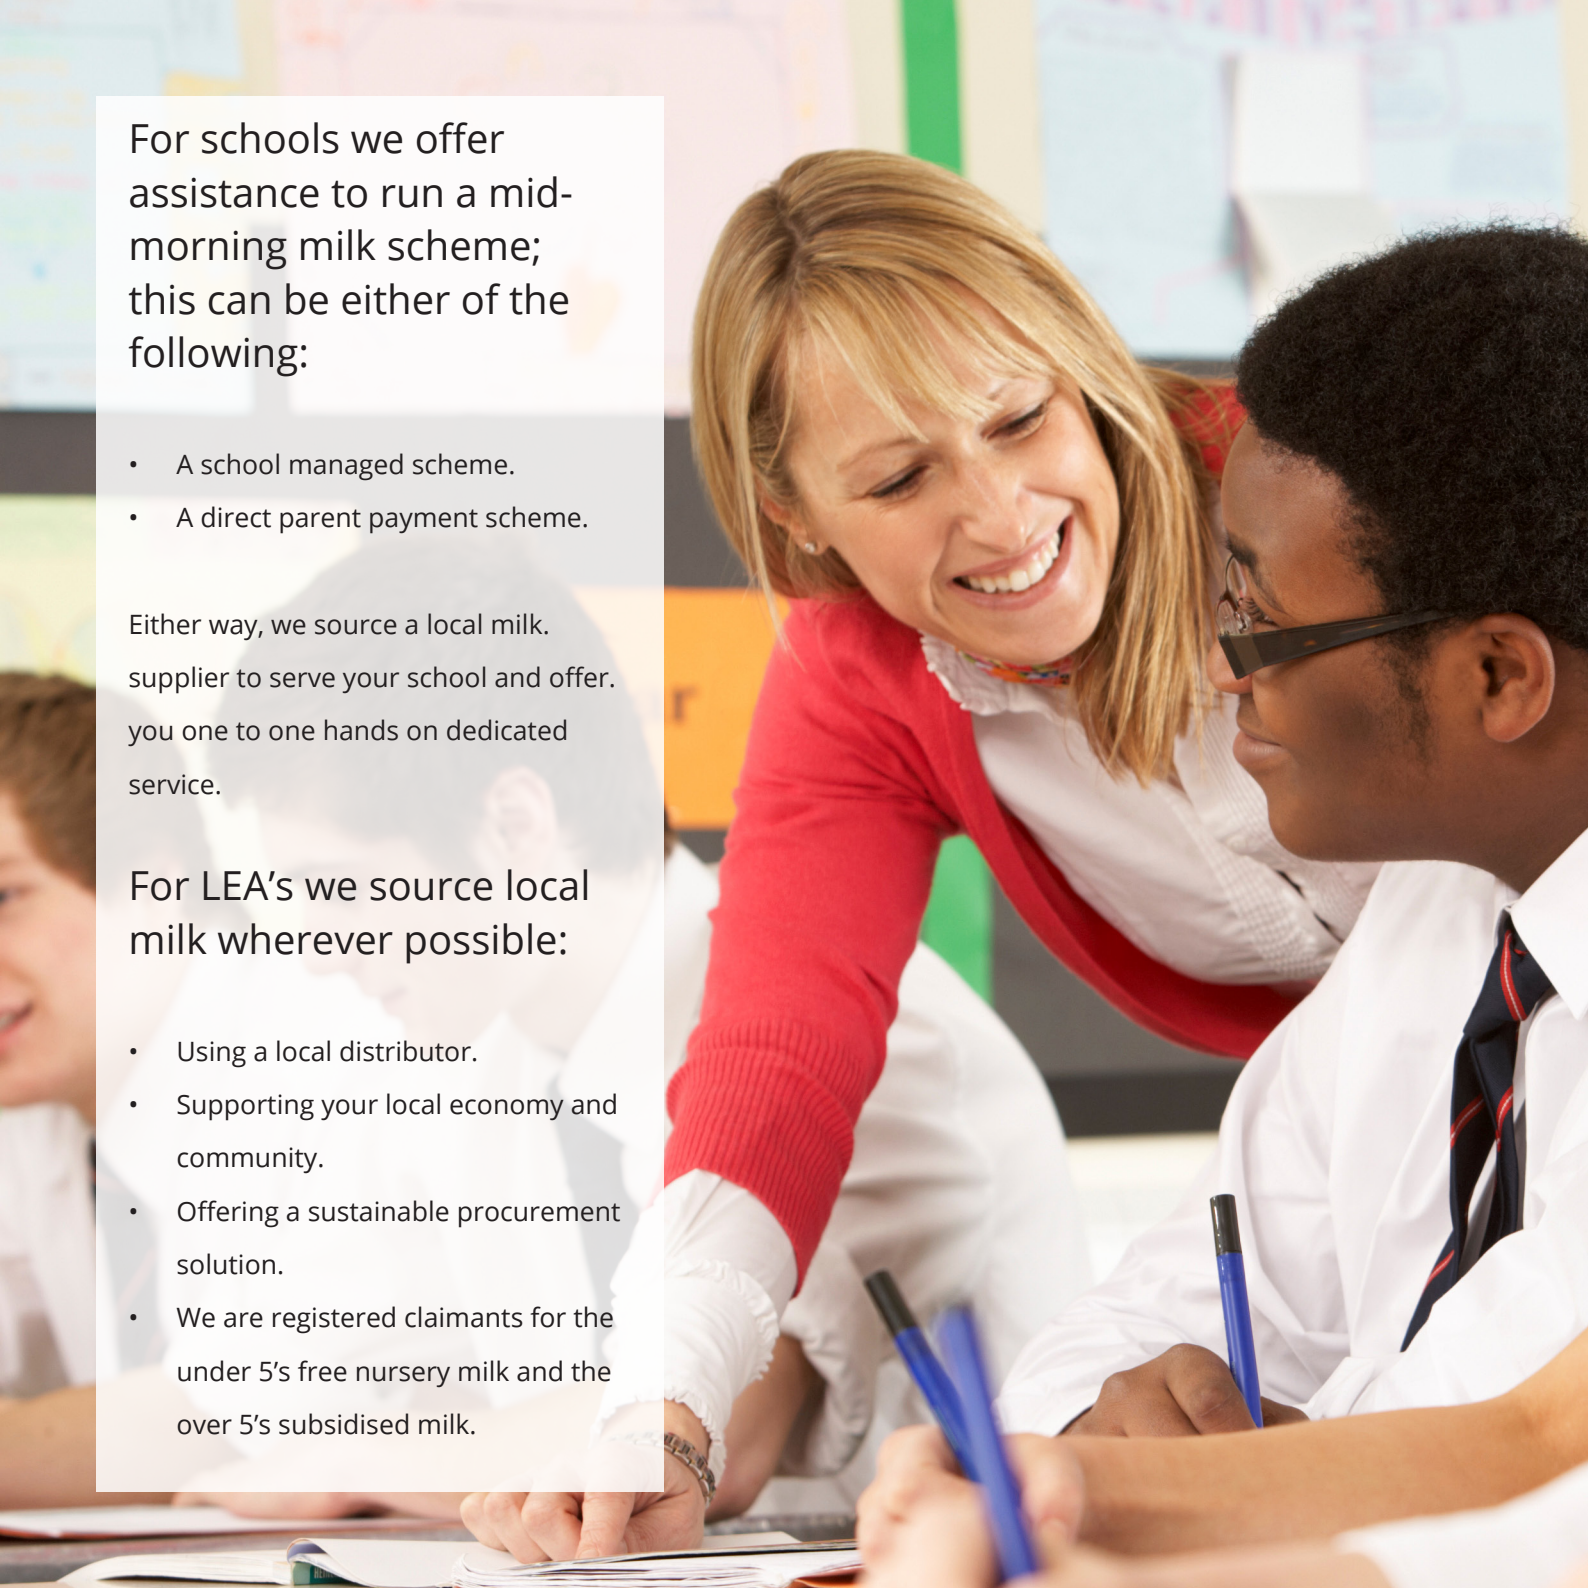

For schools we offer assistance to run a mid-morning milk scheme; this can be either of the following:

- A school managed scheme.
- A direct parent payment scheme.

Either way, we source a local milk supplier to serve your school and offer you one to one hands on dedicated service.

For LEA's we source local milk wherever possible:

- Using a local distributor.
- Supporting your local economy and community.
- Offering a sustainable procurement solution.
- We are registered claimants for the under 5's free nursery milk and the over 5's subsidised milk.

Milk4Life believe the PTA can play a pivotal role in child nutrition, that's why we really want to hear from you.

We can sustainably and locally source and deliver your milk and support you to get the milk your children are entitled to.

The PTA can administer a milk scheme on behalf of the school to help reduce further admin for the school office. They can order the milk, collect the money and pay for the milk. Orders can be placed on the phone, by email, fax or online.

Please contact us if you would like advice on how to run a PTA milk scheme.

## There are many benefits of registering your school or nursery with Milk4Life Ltd

- Contract Management – as a supplier to the authorities;
- A first class dedicated support service for schools.
- To work with and support school caterers on health promotion events, i.e. calcium awareness day.
- To link up smaller local suppliers SME's (small medium enterprises) and dairy processors by tendering for Local Government business.

If you would like to register your school please feel free to call or email us [info@milk4life.com](mailto:info@milk4life.com) today.
